"No great mind has ever existed without a touch of madness."

Aristóteles

Experts on **Emerging Markets** Projects

SUN EVO works extensively on projects where deep **cultural awareness** is demanded. This is crucial to our business philosophy.

We are **agile & easy to work with** because we fully understand our clients' needs and demanding customs challenges of each market. This helps us to optimize and customize our unique offers.

By distributing **A-Brand** Network Equipment and collaborating with the most sophisticated **Strategic Partners** in Europe, the Middle East and Africa (EMEA), we serve the most important segments with tailor-made IT solutions to each client.

The background of the slide is a low-angle, upward-looking photograph of several modern skyscrapers. The buildings have glass facades and are partially obscured by a soft, warm, yellowish-orange light that creates a hazy, ethereal atmosphere. The perspective makes the buildings appear to converge towards the top center of the frame.

“Coming together is a beginning, staying together is progress, and working together is success.”

Henry Ford

Areas of Expertise

With advanced logistics in The Netherlands and all over the EMEA, **SUN EVO** is a global, independent IT distributor of state-of-the-art Hardware, Software, AI and IoT technology with an expertise in Emerging Markets.

"Knowledge is of two kinds. We know a subject ourselves, or we know where we can find information upon it."

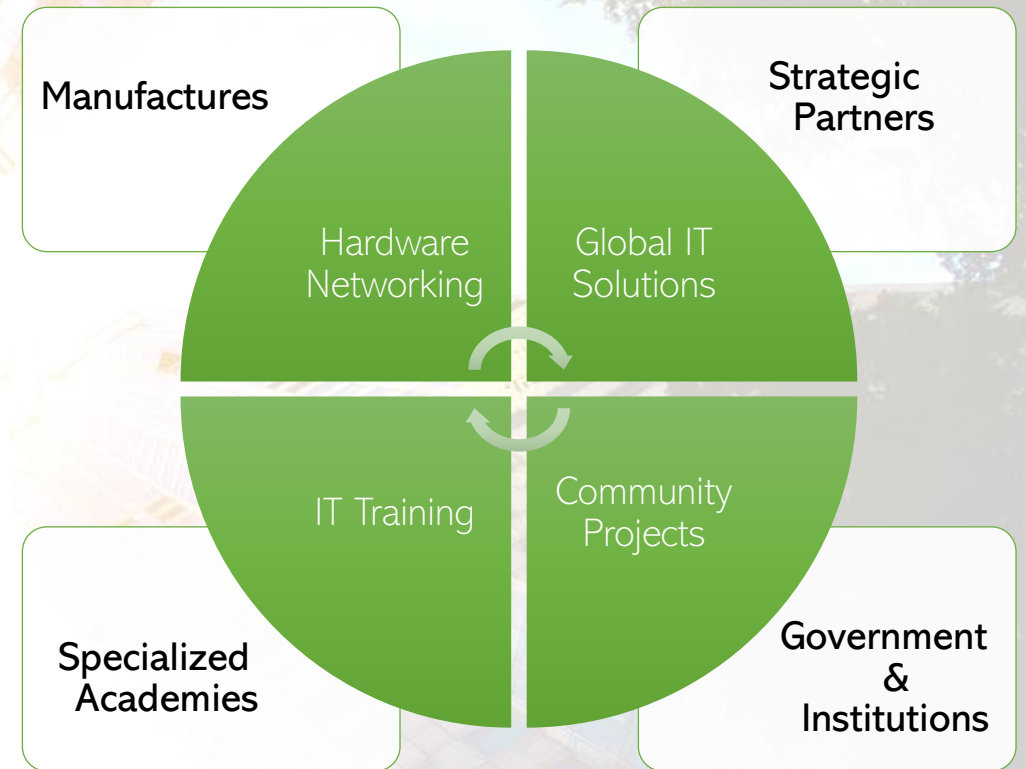

Samuel Johnson

Our commitment

is to **maximize your resources** by quickly **responding** to your team and overcome timelines with a competitive offer on A-Brand Manufacturer products, services and solutions.

Sun Evo's intention

is to bring most added value to all your IT projects by offering **solid infrastructure** and outcome customs challenges with the **fastest shipping** methods worldwide despite project scope or deadlines.
